Sir:

Applicant's are submitting a Request for Continued Examination so that the accompanying Information Disclosure Statement may be considered by the Examiner and so that the following Remarks can be considered.

The present application was the subject of a Notice of Allowance dated June 23, 2011. The Notice of Allowance included comments of the Examiner's on the reason for allowance, where the Examiner asserts that "previous rejections were entirely justified." However, that does not make sense given that the Patent Office has now withdrawn all outstanding rejections and allowed the claims. These comments also do not make any sense since the Appeal Brief filed by Applicant relied on arguments, at least in part, that had also been previously submitted in the prosecution history.

The Applicants remain fully convinced that their claims are patentable for all of the reasons stated in their Appeal Brief.

If there is some particular reason why the Patent Office believes that the claims should not now be allowed, it is respectfully requested that the Patent Office clarify its reasons and set forth its prima facie case for the same.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
